Profile

Passionate self-taught Full Stack Web Developer experienced in JavaScript and NodeJs. Proactively developing and delivering high-quality applications for businesses since 2021. Committed to protect and improve this industry I love through impactful solutions for those businesses that share an ambition of growth. Constantly goal-driven by a dedication to continuous learning, persistence, and a problem-solving mindset.

Employment History

Software Engineer, SKUALO Esports D'avventura, Porto Cristo

APRIL 2023 – JULY 2023

Developing and maintaining a new website for the Diving Center and a workflow application for the services and team's organization. Both applications relying on Fareharbor's booking system.

Software Engineer, Mixing Media, Barcelona

JANUARY 2023 – MARCH 2023

Created the website for a Design products agency based in Barcelona. Luxury furniture brands representatives.

Education

Mathematics, UIB, Palma de Mallorca

SEPTEMBER 2019 – MAY 2021

I studied for two years Mathematics degree in Mallorca. Then, I decided to drop out, to be able to pursue a career in software development.

Software Development, Self Taught, Remotely

MAY 2021 – PRESENT

I have taught myself to code from scratch. Started with courses in codecademy and Udemy. Since then, I have been creating professional projects and personal applications. Aiming for clean, reusable and scalable code.

Courses

Web Development Bootcamp, Udemy

JULY 2021 – OCTOBER 2021

Modern React with Redux, Udemy

MARCH 2022 – MAY 2022

English C1 Certificate, IELTS Official

APRIL 2023
